

# DSC 2024 EUROPE VR

Driving Simulation & Virtual Reality Conference & Exhibition

18-20 SEPTEMBER 2024

Palais de la Musique et des Congrès, Strasbourg | France

## CONFERENCE OPENING

13:45

Dr. Andras Kemeny : *XR Based Driving Simulation And Virtual Reality*

# DSC 2024 EUROPE<sup>VR</sup>

Driving Simulation & Virtual Reality Conference & Exhibition

18-20 September 2024

Palais des Congrès et de la Musique, Strasbourg | France

DSA Organization Committee

*Conference conclusion*

Renault Group

Université Gustave Eiffel

AVSIMULATION

dSPACE

## DRIVING SIMULATION AND VR EMERGING BOTH IN THE 1960S

Doron Electronics driving simulators in the 1960s

VR headset proposed by Sutherland in 1968

# FROM THE 90S TO TODAY'S DRIVING SIMULATORS

XR based driving simulators at BMW, DLR and Renault  
see also Volvo and VW, DSC Europe 2024 VR

## VR & DRIVING SIMULATION TECHNOLOGIES & DIFFICULTIES

- Virtual reality
  - Computer generated images
  - Interactive
  - Sensory feedback
  - Physical and mental immersion
- Same software & display technologies, same difficulties
  - Proprioceptive cues
  - Computational lags
  - 3D vision scale 1:1 perception and computational load
  - Haptics rendering
  - Cybersickness

# AR BASED IN-CABIN AND OCCUPANT DISPLAY SYSTEMS

## ADAS and AD HMI Systems

- slower driver reaction time to resume control vs. driving<sup>1</sup>

## Functional safety, road & traffic hazards

- weather, road infrastructure, traffic

## Self-driving cybersickness

- augmented driver/passenger in-cabin HUD/AR systems
- emerging issue for AD/ADAS systems
- solutions on the market/registered patents (Antwerps Blauw, Faurecia, General Motors, JLR, etc.)

## Automotive AR & VR market

- \$ 674 billion by 2028<sup>2</sup>
- MEMS systems, both for ADAS/AD and AR

## Waveguide-based AR technology

- HUD, HMD and AR glasses<sup>3</sup> (including bi-focal glasses)

<sup>1</sup> Vollrath et al., 2011, Paulwelussen et al., 2104

<sup>3</sup> <https://www.embedded.com/new-xr-smartglasses-may-just-be-the-breakthrough-ar-vr-needs/>

## DRIVING SIMULATION ASSOCIATION & DSC EUROPE 2024 VR

- DSA - a non-profit association to promote driving simulation
  - since 2015
  - supports the driving simulation community
- Research experimentation & publications
- With a portfolio of :
  - AV Simulation applications: 3D AV Participative
  - Cybersickness software products and patents
  - Collaboration with Arts et Métiers Institute of Technology and VRISE
  - Introducing a new plugin to reduce cybersickness with VRISE
- Edition of scientific Journal: The Driving Simulation proceedings
  - Scopus indexing
- Organization of the DSC Europe VR conferences [DSC 2023 Europe VR](#)

# DSC 2024 Europe<sup>VR</sup> organization

- Driving Simulation Association
  - DSC 2024 Europe<sup>VR</sup> Proceedings of the driving simulation conference
  - DSC 2024 Europe<sup>VR</sup> Product Solution Book
  - [Driving Simulation Proceedings](#), Scopus indexed online publication
- In cooperation with
  - Renault, Art et Métiers, University of Gustave Eiffel and SIA
- With the sponsorship
  - AV Simulation, Cruden, dSPACE, ASAM, FKFS and SystemX
- Onsite and remote participation, using the [DSC2024 online App](#)
  - [Re-diffusion](#) – September 25<sup>th</sup>, 2024

# DSC 2024 Europe<sup>VR</sup> program

- Scientific sessions
  - AD/ADAS
  - Motion control and cybersickness
  - Perception and human factors
  - Simulator design
  - Virtual Reality
  - Artificial Intelligence & Machine Learning
- Poster presentations
  - In the exhibition area

# DSC 2024 Europe<sup>VR</sup> program

- Product solution sessions
  - AD/ADAS
  - DIL simulation & VR
  - Artificial Intelligence & Machine Learning
- Industrial Keynotes and Pitches
- Special Sessions
  - The role of AI in the ADS lifecycle
  - French ecosystem activities for AD deployment

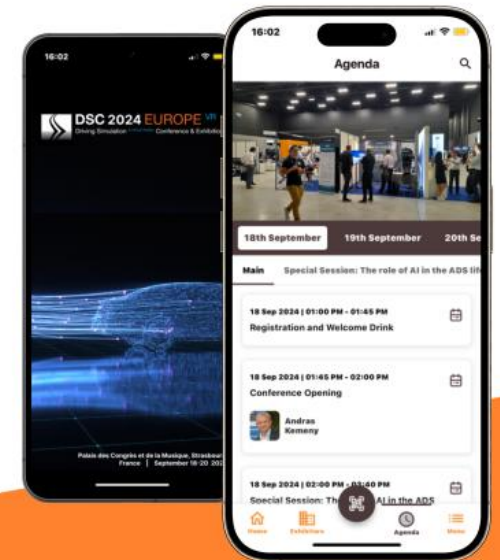

# DSC 2024 Europe<sup>VR</sup> organization

- DSC 2024 Europe<sup>VR</sup> - a scientific and industrial innovation platform
  - 80 + Keynote, scientific, product solution, industrial pitch and poster presentations
  - Special sessions on *AI in the ADS lifecycle & French ecosystem AD deployment*
  - 40+ Exhibitors with cutting edge demonstrations and brand-new product presentations
- Hybrid conference 300 attendees
  - 2020 1/3<sup>rd</sup> physical, 2/3<sup>rd</sup> online
  - 2021 1/3<sup>rd</sup> virtual (only online), 2/3<sup>rd</sup> physical
  - 2022 ~ 90% physical (online app to inform & exchange)
  - 2023 back to pre-covid attendance with ~ 10% online
  - Wifi: DSCEurope2024 - Password : PDC092024

DSC 2024 Europe VR

# DSC 2023 Europe<sup>VR</sup> conference

# DSC 2024 EUROPE<sup>VR</sup>

Driving Simulation & Virtual Reality Conference & Exhibition

18-20 September 2024

Palais des Congrès et de la Musique, Strasbourg | France

## THANK YOU
